

WETCIT

PENETRANT-SPREADER-WETTING AID

PRINCIPAL FUNCTIONING AGENTS

Alcohol Ethoxylate.....	8.15%
Constituents Ineffective as Spray Adjuvants.....	91.85%
Total.....	100.00%

All ingredients are exempt from tolerance according to 40 CFR 180
 Surfactant Content : 8.15%

KEEP OUT OF REACH OF CHILDREN WARNING / AVISO

Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle.
 (If you do not understand the label, find someone to explain it to you in detail.)

HAZARD STATEMENTS: HARMFUL IF INHALED. CAUSES SERIOUS EYE IRRITATION.

PRECAUTIONARY STATEMENTS: Wash hands thoroughly after handling. Wear eye protection/face protection. Avoid breathing fume/mist/vapors/spray. Use only outdoors or in a well-ventilated area.

ENVIRONMENTAL HAZARDS: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

Call a **POISON CENTER** or doctor/physician if you feel unwell.

For Chemical Emergency (spill, leak, fire or accident), call CHEMTREC (800) 424-9300

EYE CONTACT - IF IN EYES: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Have the product container with you when calling a poison control center or doctor, or going for treatment. If eye irritation persists: Get medical advice or attention.

SKIN CONTACT - IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. Call a poison center, doctor, chemical manufacturer or distributor to specify the appropriate source of emergency.

INGESTION - IF SWALLOWED: Do not give anything by mouth to an unconscious person. Call a poison center, doctor, chemical manufacturer or distributor to specify the appropriate source of emergency medical advice.

INHALATION - IF INHALED: If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell

Dispose of contents and containers in accordance with local, regional, and national laws.

GENERAL INFORMATION

WETCIT is a highly effective surfactant designed for use with insecticides, miticides, fungicides, herbicides, plant growth regulators, defoliants and nutrients. WETCIT is designed for superior spreading, penetration and uniform distribution. WETCIT assists in overcoming water repellency of leaf surfaces and may be used with most pesticides, PGRs, defoliants and fertilizer products.

DIRECTIONS FOR USE

Prior to use, read all the directions on this label and on the labels of the manufacturers' products being used with WETCIT. The manufacturers' labels for specific usage and restrictions has precedence over directions for use referred to on the WETCIT label. Test for compatibility prior to mixing and application with other chemicals. Always test new tank mix combinations before widespread use. If unsure, check with the manufacturers or contact your local State Extension Service if you have questions. To ensure thorough mixing, it is suggested that you recirculate mini tanks and bulk tanks or shake containers before using. Pre-rinse all tanks, spray lines or containers thoroughly before adding WETCIT as WETCIT contains surfactants. WETCIT should not be added to tanks, spray lines, or containers which may contain additional surfactant adjuvants. Coatings on inner tank and spray lines, from previous chemicals sprayed, may be dissolved by WETCIT, thereby releasing it into the mix about to be sprayed. If in doubt, add 20 ounces of WETCIT to 20 gallons of water, circulate through system for 20 minutes, spray to waste. Increasing tank mix compounds will increase precipitation and phytotoxicity risk. Extended high temperatures (>92° F) with some tank mixes may increase phytotoxicity risk and should be tested and observed before widespread use.

PRECAUTIONS

- Do not apply to fruiting stages of pome fruit, cherries, table grapes or other sensitive or stressed crops without first consulting your Oro Agri or distributor representative.
 - Test for compatibility when combining in tank mixes with EC products, copper and/or chlorpyrifos on sensitive crops.
 - NOTE: WETCIT reduces dew formation for up to 7 days and therefore may increase the risk of frost damage in frost prone areas.
- NOTE: **NOT FOR AQUATIC USE.**

MIXING

Fill tank one-half full with water. Add the required amount of other tank mix products while agitating. Add remainder of the water. Add the recommended amount of WETCIT last and continue agitation until completion of spraying. For best results, use within 24 hours of mixing. Antifoam and buffering agents may be used if required.

RECOMMENDED RATES

■ **HERBICIDES:** 25-100 fl.oz. per 100 gallons of water. Use higher rates on weeds with waxy or hairy leaf surfaces that are hard to penetrate.

■ **DEFOLIANTS, DESICCANTS:** 32-64 fl.oz. per 100 gallons of water

■ **PLANT GROWTH REGULATORS:** 5-10 fl.oz per 100 gallons of water

■ **INSECTICIDES, FUNGICIDES, MITICIDES, FOLIAR NUTRIENTS:**

- **Air-assisted sprayers:** 25-64 fl.oz. per 100 gallons of water
- **Conventional sprayer in field and row crops:** 25-64 fl.oz. per 100 gallons of water
- **ULV equipment (such as: aerial, electrostatics, foggers and misters):** 25-96 fl.oz. per 100 gallons of water
- **Chemigation*:** (such as: pivot or overhead sprinklers) 10-20 fl.oz. per acre - *Not approved in CA

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Store in original container only and keep sealed. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent materials. Scrape up and dispose in accordance with Product Disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal.

NOTICE OF WARRANTY

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Oro Agri, Inc. (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, one of the following: 1. Refund of the purchase price paid by buyer or user for product bought, OR 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
