

One-Ap XL[®] Complete

Water Conditioning and Acidifier for Pesticide Sprays
Dry Water Soluble Granules

Principal Functioning Agents

Ammonium sulfate, dry nonionic surfactant, tricarboxylic acid, polyacrylamide polymer, dimethylsiloxane... 100.0%
Total..... 100.0%
Surfactant Content...7.5%

All ingredients are exempt from the requirements of a tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN WARNING

ALWAYS READ AND FOLLOW ALL DIRECTIONS ON THIS LABEL AND THE LABEL OF THE PESTICIDE BEING USED.

Hazard Statements

Harmful if swallowed. Harmful in contact with skin. Causes mild skin irritation. Causes serious eye irritation.

Precautionary Statements

Wash hands, face and other affected areas thoroughly after handling. Wear protective gloves and eye/face protection. Do not eat, drink or smoke when using this product.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

IF ON SKIN: Wash skin with plenty of soap and water. If skin irritation occurs, get medical attention.

Refer to back of bag for more First Aid statements.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry place. Store in original unopened bag.

Disposal: Completely empty bag contents into spray tank. Empty bags should be disposed of in a sanitary landfill or by incineration, or by open burning, if allowed by state and local regulations. Dispose of contents/bag in accordance with local/national regulations.

Environmental Hazards

Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

Approved For Aquatic Use

First Aid

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. If eye irritation persists, get medical advice/attention.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

General Information

One-Ap XL Complete is a specially formulated dry blend of water conditioners, nonionic surfactant and pH acidifying ingredients intended for use with pesticide applications that recommend ammonium sulfate or where pesticide performance is enhanced by use of a nonionic surfactant or through moderately acidified water pH.

One-Ap XL Complete contains a dry nonionic surfactant and deposition polymer to enhance spray absorption and reduce spray drift potential as well as an antifoam agent to minimize foam formation during tank mix agitation.

One-Ap XL Complete is a spray grade granule that readily goes into solution.

One-Ap XL Complete improves pesticide performance by preventing antagonism from hard water minerals, improving spray coverage, and by acidifying pH.

ALWAYS READ AND FOLLOW ALL DIRECTIONS ON THIS LABEL AND THE LABEL OF THE PESTICIDE BEING USED

FOR SDS INFO

Directions For Use

One-Ap XL Complete is intended for use with products registered for agricultural, horticultural, turf and ornamental, industrial and non-crop uses. Read and follow all pesticide label recommendations.

One-Ap XL Complete is not recommended for use if the accompanying tank mix pesticide label prohibits use of water conditioners or acidifying agents.

NOTE: Exceeding recommended use rate may restrict nozzle pattern. Always monitor spray pattern and regularly check line strainers to ensure that proper spray pattern is achieved.

Use Rate For Ground, Air and Aquatic Applications:

Use One-Ap XL Complete at 10 pounds per 100 gallons of spray solution.

One 40 pound bag treats up to 400 gallons of spray solution.

Mixing

Unless otherwise directed by the pesticide label, add One-Ap XL Complete to the spray water as the first component of the mixture.

Slowly pour One-Ap XL Complete into the spray mix at the point of maximum agitation.

Continue filling while re-circulating until all additional products are thoroughly mixed into the spray solution.

Maintain good agitation at all times until the contents of the tank are sprayed.

If mixture is allowed to settle, thorough agitation is recommended before spraying is resumed.

If refilling a partially full tank, take care to avoid exceeding the recommended use rate for this product.

Screen size in line strainers should be no finer than 50 mesh.

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
