

GATEWAY™ PLUS

Water Conditioning Agent, Surfactant and Drift Control Agent

PRINCIPAL FUNCTIONING AGENTS

salt, 2-Hydroxypropyl Guar gum	37.12%
Constituents Ineffective As Spray Adjuvants	62.88%
TOTAL	100.00%

All ingredients are approved for use under 40 CFR 180

Surfactant content: 3.5%

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS

Causes eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Wash protective equipment and work clothes thoroughly after handling. Specific treatment is given in the First Aid section on this label or on the SDS.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators or other handlers of this product should wear protective eyewear, chemical-resistant gloves, long-sleeved shirt, pants, socks and shoes. Consult the SDS for further information.

FIRST AID

If Swallowed: Call a POISON CENTER/doctor or Chemtrec if person feels unwell. Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any fluids to an unconscious person.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

If On Skin: Wash affected area with plenty of soap and water. Cold water may be used. If skin irritation occurs: Get medical advice or attention. Call a POISON CENTER/doctor or Chemtrec if person feels unwell.

If Inhaled: Move person to fresh air and keep comfortable for breathing. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration. Call a POISON CENTER/doctor or Chemtrec if person feels unwell.

GENERAL INFORMATION

Gateway Plus is a liquid premix of ammonium sulfate, drift reduction polymers, retention aids and surfactant. **Gateway Plus** protects herbicides by sequestering antagonistic hard water ions that can reduce their performance while providing ammonium ions to improve uptake and translocation for improved weed control. **Gateway Plus** also reduces drift while improving spray droplet retention, adhesion and coverage on targeted leaf surfaces.

USE RATES

Ground Application: 2.5% (2.5 gallons) of **Gateway Plus** per 100 gallons of spray solution.

Aerial Application: 2.5% (2.5 gallons) of **Gateway Plus** per 100 gallons of spray solution.

Gateway Plus provides 8.5 lbs. of dry ammonium sulfate per 2.5 gallons.

DIRECTIONS FOR USE

The addition of adjuvants to some pesticides and/or fertilizers and their tank mixes may cause phytotoxicity to the foliage and/or fruit of desirable crops. Before using **Gateway Plus**, the applicator or crops advisor must have experience with the pesticide combination, including **Gateway Plus**, or must have conducted a phytotoxicity test.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND AND RIGHTS-OF-WAY.

In the absence of specific mixing instructions found on the pesticide label, fill the spray tank with at least 50% of the desired finished carrier volume. When premixing in a mixing vessel or inductor, fill with at least 20% of the desired finished carrier volume. While the carrier is agitating, add tank mix ingredients in the following order:

1. Compatibility agent and/or antifoam, if needed
2. AMS, dry formulations (WP, DF, WDG, SP), and dry drift retardants
3. Dry soluble and suspension fertilizers / micronutrients.
4. Liquid drift retardants (**Gateway Plus**) and flowable formulations (F & FL)
5. Liquid concentrates, suspension concentrates, microencapsulated and capsule suspension (LC, SC, ME, CS)
6. Emulsifiable concentrates (E, EL or EC)
7. Solutions and soluble liquids (S or SL)
8. Liquid micronutrients and fertilizers
9. Water conditioners and other adjuvants (COC, HSOC, MSO, NIS)
10. Finish filling to desired spray volume level and continue agitation

STORAGE AND DISPOSAL

Protect product from freezing. *If product freezes, warm to room temperature and agitate before use.* Keep containers sealed when not in use. Store in original container only. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

CONDITIONS OF SALE

Notice—Read Carefully

Hefty Seed Company (and seller) offer(s) this product for sale subject to, and buyer and all users are deemed to have accepted the following conditions of sale and warranty. Warranty Limitation—Hefty Seed Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the use directions on the label subject to the inherent risks referred to below. Hefty Seed Company makes no other express warranties. There is no implied warranty of merchantability and there are no warranties which extend beyond the description on the label hereof. Inherent Risks—The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with use. Buyer assumes all risks associated with use of this product contrary to label directions or resulting from extraordinary conditions. Limitation of Liability—In no case shall Hefty Seed Company be liable for special, indirect, or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which such damages are claimed.
