

ARVON®

NONIONIC SURFACTANT • BUFFER • ACIDIFIER

	%BY WT
PRINCIPAL FUNCTIONING AGENTS:	58.50%
Polyoxyalkylene polyol fatty acid ester and Citric acid	
Constituents ineffective as spray adjuvants.....	41.50%
Total.....	100.00%
Surfactant Content.....	45%

KEEP OUT OF REACH OF CHILDREN WARNING

Causes eye irritation. Do not ingest. Avoid breathing spray or mist. Avoid contact with eyes, skin or clothing.

PRECAUTIONARY STATEMENTS

Wash hands and affected areas thoroughly with soap and water after handling.

FIRST AID	
If in eyes:	<ul style="list-style-type: none"> • Rinse cautiously with water for several minutes. • Remove contact lenses, if present and easy to do. • Continue rinsing. • If eye irritation persists: Get medical attention.
If on skin:	<ul style="list-style-type: none"> • Wash off with soap and water. • Call a doctor or get medical attention if irritation occurs and persists.
If swallowed:	<ul style="list-style-type: none"> • Rinse mouth. • Call a doctor or poison control center if symptoms occur or you feel unwell.
If inhaled:	<ul style="list-style-type: none"> • Move person to fresh air and keep comfortable for breathing. • Call a doctor or poison control center if symptoms occur or you feel unwell.
<p>Have the product container with you when calling a poison control center or doctor or going for treatment. GENERAL INFORMATION

ARVON® is a nonionic surfactant designed to enhance the activity of agricultural chemicals. ARVON increases the spreading activity of the spray mixture resulting in more uniform coverage of the spray material. When ARVON is added to the tank-mix, it acidifies and buffers the spray mixture to an acidic pH range, which optimizes performance of agrochemicals that are sensitive to high pH solutions.

DIRECTIONS FOR USE

ARVON should be the first ingredient added to the spray tank for acidifying and buffering. Add ARVON last if the primary purpose is spreading.

Mixing Instructions: Start with a clean sprayer. ARVON should be added to the spray tank according to the mixing order recommended on the pesticide product label. Agitation is required while mixing and during the spray application.

Rates of ARVON may vary with plant characteristics, target site and environmental conditions at the time of application. In most situations, the minimum rate of ARVON, as specified on this label, will be sufficient in providing uniform coverage and best results.

Use higher rates under, but not limited to, the following situations:

- Use with systemic pesticide products
- Applications made under adverse conditions
- When a pesticide label recommends a higher rate of nonionic surfactant

Note: When mixing ARVON with other agricultural chemicals, all product labels and directions should be read and followed to ensure compatibility and proper usage.

USE RATES

ACIDIFYING AGENT: Use 1/4-2 pints per 100 gallons of water. For best results add ARVON to the water first.

INSECTICIDES, MITICIDES: Use 1/4-2 pints per 100 gallons of spray mixture.

HERBICIDES, DEFOLIANTS: Use 1-4 pints per 100 gallons of spray mixture.

FUNGICIDES: Use 1/4-2 pints per 100 gallons of spray mixture.

AQUATIC: For applications to control surface pests, algae and noxious weeds, use ARVON at a rate of 1-4 pints per 100 gallons spray mixture. Follow the rates and application recommendations shown for nonionic surfactants on the pesticide label.

FOR PESTICIDES THAT PERMIT USE OF AN ADJUVANT AT A HIGHER RATE, FOLLOW INSTRUCTIONS ON THAT PESTICIDE LABEL. HOWEVER, DO NOT ADD THIS PRODUCT AT A RATE WHICH EXCEEDS 5% OF THE FINISHED SPRAY VOLUME. USE CAUTION AT THE HIGHER USE RATES. WHEN APPLYING TO A SENSITIVE CROP, FIRST TREAT A SMALL AREA TO DETERMINE IF THERE ARE ANY ADVERSE EFFECTS TO THE CROP.

USE RESTRICTIONS

Do not use ARVON with copper fungicides.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PRODUCT STORAGE: Store in original container only and keep tightly sealed. Store in closed storage area.

PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent). Then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS", AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
