HYDROVANT® fA

Non Ionic
Sticker-Deposition Agent

PRINCIPAL FUNCTIONING AGENTS*

Polyvinyl Polymer	0.1%
Constituents Ineffective as Spray Adjuvants	99.9%
Total	100.0%

EPA Reg. No.-Exempt

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE

GENERAL INFO

IMPORTANT: *Before using this product, read all Precautionary Statements, Directions for Use and Conditions of Sale.*

FOR USE WITH PRODUCTS REGISTERED FOR: AGRICULTURAL, AQUATIC, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS OF WAY, TURF AND OTHER USES.

HYDROVANT-*f*A is a polymer based adjuvant that improves the performance of active pest, disease and weed control chemicals. HYDROVANT-*f*A provides improved product efficiency by enhancing delivery making the products applied to the plant available for a longer period of time. HYDROVANT-*f*A enhances the performance of the application's active ingredients and is compatible with all agricultural chemicals tested with it to date, including herbicides, insecticides, fungicides and foliar fertilizers. HYDROVANT-*f*A elasticity allows expansion of the applied solution to maintain coverage. The chemical properties of the long chain polymer result in HYDROVANT-*f*A working well with wetting events such as rainfall, dew, fog, or irrigation water. It is a very rain-fast sticker. HYDROVANT-*f*A is extremely gentle and has not exhibited any phytotoxicity with any active ingredients or multiple active combinations. HYDROVANT-*f*A has a high degree of compatibility with active ingredients, mixes easily in spray solutions and does not clog nozzles.

COMPATIBILITY

HYDROVANT-*f*A IS COMPATIBLE WITH MOST CROP PROTECTION PRODUCTS, HERBICIDES, PESTICIDES, MITICIDES, PLANT GROWTH REGULATORS AND PLANT NUTRITIONALS.

MIXING DIRECTIONS

Prior to any application, all spray mixing and application equipment must be clean. Carefully observe all cleaning directions on the pesticide label. Read and follow the precautions, restrictions and recommendations on all product labels used with HYDROVANT-*f*A. Use according to the most restrictive label directions for each product in the tank mix.

1. Fill tank 1⁄4 to 1⁄2 of the total amount of water prior to adding HYDROVANT-*f*A.
2. Add the required amount of HYDROVANT-*f*A while maintaining vigorous agitation.
3. Agitate until HYDROVANT-*f*A is thoroughly in solution. HYDROVANT-*f*A Concentrate in solution will appear nearly clear. Note: The appearance of small white particles may indicate the presence of hard water conditions, which may necessitate the use of a water softener.
4. Add desired chemicals per their directions, while continuing vigorous agitation.
5. Finish filling water to desired spray volume level.

Apply within 2 hours of mixing for best results. If sprayed solution has been allowed to stand, thoroughly agitate again before application.

USE RATES

Ground/Air:	Use 13 fl. oz. of HYDROVANT-*f*A per 100 gallons of finished spray volume Use
Backpack/hand held sprayers:	1/8 fl. oz. of HYDROVANT-*f*A per gallon of finished spray volume.

NOTE: Apply enough HYDROVANT-*f*A to allow for uniform wetting and deposition of the spray onto target area without undue runoff. A compatibility test is always recommended if the desired combination mix has not been previously used. In most cases, HYDROVANT-*f*A allows the lowest recommended label rate to be applied.

Manufactured for:

Corbet Scientific, LLC

Always refer to the label on the product before using HYDROVANT-*f*A

PRECAUTIONARY STATEMENTS

CAUTION: Causes moderate eye irritation. Harmful if swallowed or inhaled. Avoid contact with eyes or clothing. Avoid breathing spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID

For help in a chemical emergency involving a spill, leak, fire, or accident, call CHEMTREC 1-800-424-9300. Have the product container or label with you when calling a poison control center or doctor; or going for treatment.

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15 - 20 minutes.
- Remove contact lenses, if present after the first 5 minutes then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 - 20 minutes.
- Call a poison control center or doctor for further treatment advice.

IF SWALLOWED:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.

IF INHALED:
- Move person to fresh air.
- If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to mouth if possible.
- Call a poison control center or doctor for further treatment advice.

STORAGE AND DISPOSAL

STORAGE: Store products at temperatures above 38°F (>3°C) and below 100°F (<40°C) . Keep Product stored in cool, dry areas to avoid temperature extremes. Store in original container only. Keep container tightly sealed. Do not contaminate water, food or feed by storage or disposal. Do not allow water to be introduced into the contents of this container.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water sources by runoff when cleaning equipment, or disposing of equipment washwaters, or spray waste.

CONTAINER DISPOSAL: Triple rinse (or equivalent) . Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org. If unable to recycle, puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burning, stay out of smoke.

For help in chemical emergencies involving spill, leak, fire or exposure, call toll free 1-800-424-9300.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the information contained herein before buying or using this product. If the terms are not acceptable, immediately return the product unopened.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result due to such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Corbet Scientific, LLC (the "Company") and seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonable fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, one of the following: Refund of the purchase price paid by buyer or user for product bought or replacement of the product used.

The Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage, and use of this material not in accordance with directions given herewith. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The foregoing is a condition of sale by Company and Seller and is accepted as such by the Buyer.
