ARROYO

SPREADER AND SOIL WETTING AGENT

NET CONTENTS

2.5 US GAL
(9.463 L)

PRINCIPAL FUNCTIONING AGENTS

Secondary alcohol ethoxylate and sodium lauryl ether sulfate.....37.00%
Constituents ineffective as spray adjuvants.....63.00%
Total.....**100.00%**
All ingredients are exempt from tolerance according to 40 CFR 180
Surfactant Content: 37.00%

KEEP OUT OF REACH OF CHILDREN

WARNING/AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label, find someone to explain it to you in detail.)

HAZARD STATEMENTS: Flammable liquid and vapor. Harmful if inhaled. Causes serious eye irritation. Toxic to aquatic life with long lasting effects.
PRECAUTIONARY STATEMENTS: Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Keep container tightly closed. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves/eye protection/face protection. Avoid breathing fume/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Wash hands thoroughly after handling. Avoid release to the environment.
ENVIRONMENTAL HAZARDS: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

FIRST AID

Call a POISON CENTER or doctor/physician if you feel unwell.
For Chemical Emergency (spill, leak, re or accident), call CHEMTREC (800) 424-9300
INHALED - IF INHALED: Remove person to fresh air and keep comfortable for breathing.
EYE CONTACT - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
SKIN CONTACT - IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
INGESTION – IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical attention if symptoms occur.

*APE NPE FREE = Product free of alkyl phenol ethoxylate and nonylphenol ethoxylate, surfactants known to be ecotoxic.

GENERAL INFORMATION

ARROYO® is a soil-wetting agent. When applied to soil, ARROYO will improve penetration and movement of water within the soil profile.

ARROYO is also an effective spreader to improve coverage and wetting of leaf surfaces in burndown and desiccant applications.

DIRECTIONS FOR USE AND PRECAUTIONS

ARROYO can be applied in-furrow, flood, microjet, sprinkler, pivot and other irrigation systems. In addition, it can be applied as a soil spray. When metering ARROYO directly into an irrigation system by means of a metering injection pump or suction regulated line, do not connect to an irrigation system used for chemical applications or directly to a public water system without a back-siphon prevention system in place. Always connect to such systems in accordance with local and/or state regulations.

Prior to use, read all the directions on this label and on the labels of the manufacturers' products being used with ARROYO. The manufacturers' labels for specific usage and restrictions has precedence over directions for use referred to on the ARROYO label. ARROYO is compatible with most types of pesticides. Test for compatibility prior to mixing and application with other chemicals such as liquid fertilizers. Always test new tank mix combinations before widespread use. If unsure, check with the manufacturers or contact your local State Extension Service if you have questions. Ensure spray equipment is thoroughly cleaned before using ARROYO. To ensure thorough mixing, it is suggested that you recirculate mini tanks and bulk tanks or shake containers before using. Do not add additional adjuvants when using this product.
NOTE: Not for aquatic use.

Manufactured by: Oro Agri, Inc., 2788 S. Maple Ave, Fresno, CA 93725
Patented and or patent/s pending. For more information contact info@oroagri.rovensa.com

DOSAGE RATES

FOR SOIL

- Use the higher rates where soil water movement is restricted by conditions such as hydrophobicity, compaction or surface crusting.
- In-furrow at planting - Use 1 to 2 pints per acre
- In broadcast tank mix solutions - Use 1 to 4 pints per acre
- Through irrigation systems such as drip, microjet, sprinklers or pivot use 1 to 8 pints per acre.

FOR GROWING MEDIA

8 to 64 fluid ounces per ton of media (test rates prior to use).

BURNDOWN AND DESICCATION (including herbicides)

32 to 96 fluid ounces per 100 gallons of water.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate ponds, waterways, ditches and food or feed with chemicals and/or used containers by storage, disposal or cleaning equipment. STORAGE: Keep away from heat, sparks and open flame. Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds and seeds. Handle in accordance with precautionary statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent materials. Scrape up and dispose in accordance with Product Disposal. PRODUCT DISPOSAL: Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. CONTAINER DISPOSAL: Empty containers or liners may retain some product residues. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. Dispose of container/contents in accordance with local/national regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org.

NOTICE OF WARRANTY

To be read prior to using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Oro Agri, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company / seller offer this product and the buyer / user accepts it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
