Check-Point® Extra

WATER CONDITIONING AGENT / NONIONIC SURFACTANT / DRIFT REDUCTION AGENT / ANTIFOAMING AGENT

DOES NOT CONTAIN AMS

Principal Functioning Agents

1,2,3-Propane Tricarboxylic Acid, 2-Hydroxy-, Trisodium Salt Dihydrate,
Block Polymer of Carbonyl Diamine, Polyoxyethylene Polyoxypropylene,
Polyphosphoric Acids, Sodium Salt, Polyacrylamide Polymer, Dimethylsiloxane...100.0%

Surfactant Content...37.46%

All ingredients are exempt from the requirements of a tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING

Hazard Statements

Causes serious eye irritation. Causes skin irritation. May be harmful if swallowed.

Storage and Disposal

Storage: Store in a cool, dry place in original unopened bag. Completely empty bag contents into spray tank.

Disposal: Empty bags should be disposed of in a sanitary landfill or by incineration if allowed by state and local regulations. Dispose of contents and bag in accordance with local and national regulations.

Environmental Hazards

Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

Not For Aquatic Use

Precautionary Statements

Wash hands, face and other affected areas thoroughly after handling. Wear protective gloves and eye/face protection. Do not eat, drink or smoke when using this product.

IF SWALLOWED: Call a poison center or doctor/ physician if you feel unwell. Rinse mouth.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

Refer to back of bag for more First Aid statements.

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
If you do not understand the label, find someone to explain it to you in detail.

First Aid

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

General Information

Check-Point Extra is a blend of an AMS free, dry water-soluble water conditioning agent and nonionic surfactant formulated to improve effectiveness of crop control products by significantly reducing antagonism from hard water minerals in spray water and by modifying the deposition of spray applications to achieve more uniform coverage.

Check-Point Extra can be used with a wide range of crop control products including 2,4-D glufosinate and glyphosate type herbicides to effectively condition spray water efficiently at low use rates.

Check-Point Extra sequesters hard water minerals such as calcium, iron and magnesium while imparting a neutral pH to the spray water.

The sequestering ingredients and nonionic surfactant contained in Check-Point Extra may enhance the biological activity and absorption of crop control products that recommend the use of a water conditioning agent and a nonionic surfactant.

Check-Point Extra contains a drift reduction agent to minimize off-target drift.

Check-Point Extra is not for aquatic use.

Directions For Use

Many factors affect spray drift such as spray boom height, nozzle type, spray pressure, temperature, wind and thermal inversions. Check-Point Extra will not eliminate all drift. Always read and follow pesticide label instructions pertaining to mitigating off-target drift.

Check-Point Extra contains an antifoam agent to minimize the formation of troublesome foam during tank mix agitation.

USE RATE: Use Check-Point Extra at 2 pounds per 100 gallons of spray solution

Mixing

Unless instructed otherwise by accompanying crop control product labels, add Check-Point Extra as the first component to the spray tank. Slowly pour Check-Point Extra into spray tank at the point of maximum agitation. Continuing adding while recirculating. Maintain good tank mix agitation throughout the spray application.

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
