# SuperLock™

By WinField® United

## Adjuvant

**HIGH SURFACTANT OIL CONCENTRATE WITH DRIFT REDUCTION AGENT**

PRINCIPAL FUNCTIONING AGENTS:
Paraffinic Oil, Ethoxylated seed oil, Ethoxylated sorbitol fatty acid ester ..... 100.0%
*Contains petroleum distillates
The paraffinic oil used in this formulation has an unsulfonated oil residue (UR) value of 92% or greater. This value is a measure of oil refinement and is not an EPA regulatory classification.
Surfactant content 25%

All ingredients are exempt from the requirements of a tolerance in 40 CFR 180.

## KEEP OUT OF REACH OF CHILDREN

## WARNING

**SEE INSIDE BOOKLET FOR PRECAUTIONARY STATEMENTS, FIRST AID, AND STORAGE AND DISPOSAL**

### PRECAUTIONARY STATEMENTS

Causes skin irritation, causes serious eye irritation and wear protective gloves, protective clothing, eye protection and face protection. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

### FIRST AID

**IF IN EYES:** Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists. **IF ON SKIN:** Wash off immediately with soap and plenty of water for at least 15 minutes. Get medical attention if irritation develops and persists. **IF INHALED:** Remove to fresh air. Get medical attention immediately if symptoms occur. **IF INGESTED:** Rinse mouth. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician.
In case of medical emergency, call toll free 1-877-424-7452.

## STORAGE AND DISPOSAL

**STORAGE:** SUPERLOCK™ should be stored above freezing. If product freezes, warm and agitate (recirculate) prior to using. Store in original container only and keep sealed. Store in closed storage areas. **ADJUVANT DISPOSAL:** Wastes resulting from the use of this product may be disposed of through on-site spray application or at an approved waste disposal facility. **CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC web page at www.agrecycling.org. Decontaminated containers may also be disposed of in a sanitary landfill.
For Chemical Emergency, Spill, Leak, Fire Exposure or Accident, Call: CHEMTREC 1-800-424-9300

## GENERAL INFORMATION

SUPERLOCK™ adjuvant is a high surfactant oil concentrate (HSOC) with a built-in oil emulsion drift and deposition aid that is designed to improve pesticide performance including herbicides like glufosinate, 2,4-D, mesotrione, clethodim and others. The surfactant system in SUPERLOCK™ is NPE-free.

**NOT FOR AQUATIC USE**

## DIRECTIONS FOR USE

**SHAKE WELL BEFORE USING**

SUPERLOCK™ may be used whenever the pesticide label recommends methylated seed oil (MSO), crop oil concentrate (COC), or HSOC. Do not use SUPERLOCK™ when the pesticide label specifically requires MSO. Review the pesticide label for specific crop use, timing and adjuvant rate required for that pesticide.

## RATES OF APPLICATION

For optimal performance, apply SUPERLOCK™ at a rate of least 12 fl. oz/A. SUPERLOCK™ may be used at rates that are less than or equal to the rates recommended on pesticide labels. See table below to determine the appropriate rate of SUPERLOCK™ compared to conventional oil systems recommended on pesticide labels.

| **Conventional Oil Adjuvant Recommended on the Pesticide Label Rate/Acre** | **Amount of SUPERLOCK™ to Apply Rate/Acre** |
|---|---|
| 1 pt/a | 8 to 12 fl. oz/a |
| 1.5 pt/a | 12 to 16 fl. oz/a |
| 1 qt/a | 16 fl. oz/a |

| **Conventional Oil Adjuvant Recommended on the Pesticide Label v/v Rate** | **Amount of SUPERLOCK™ to Apply Rate per 100 gal.** |
|---|---|
| 0.5% | 64 fl. oz per 100 gal |
| 1.0% | 64 to 128 fl. oz per 100 gal |

## MIXING INSTRUCTIONS

Always add SUPERLOCK™ adjuvant to the spray mix last and continue agitation or follow specific tank filling and mixing information provided on pesticide labels. Refer to pesticide labels for additional recommendations or precautions.

### Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
