MSO® CONCENTRATE with LECI-TECH

LECI-TECH INSIDE

Methylated Seed Oil
MODIFIED VEGETABLE OIL and SURFACTANT BLEND

Principal Functioning Agents:
Methylated seed oil, alcohol ethoxylate, phosphatidylcholine 100%
TOTAL 100%
Surfactant content: 15%
CA Reg. No. 34704-50053; WA Reg. No. 34704-07001

KEEP OUT OF REACH OF CHILDREN

cpda CERTIFIED

Precautionary Statements: Read label before use. If medical advice is needed, have product container or label at hand.
Environmental Precautions: Prevent further leakage or spillage if safe to do so. Do not contaminate water. Do not allow to enter drains, sewers, or watercourses.

First Aid: If in eyes: Rinse eyes immediately with water. Remove contact lenses, if present and easy to do, then continue rinsing. Seek medical attention if symptoms occur or you feel unwell. **If swallowed:** Rinse mouth. Do not induce vomiting unless instructed by a medical professional. Seek medical attention if symptoms occur or you feel unwell. **If inhaled:** Move person to fresh air and keep comfortable for breathing. Seek medical attention if symptoms occur or you feel unwell. **If on skin:** Wash off with soap and water. Remove contaminated clothing and shoes. Seek medical attention if symptoms occur or you feel unwell.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

FOR A MEDICAL EMERGENCY OR HELP WITH ANY SPILL, LEAK, FIRE OR EXPOSURE INVOLVING THIS MATERIAL, CALL DAY OR NIGHT CHEMTREC 1-800-424-9300.

GENERAL INFORMATION: MSO® Concentrate with Leci-Tech® is a spray adjuvant formulated to enhance activity of post-applied herbicides. Post-applied herbicides such as, but not limited to, Pursuit®, Accent®, and Poast® have demonstrated improved performances when used with methylated seed oil. Refer to pesticide label being used regarding specific adjuvant use recommendations. MSO Concentrate with Leci-Tech is designed to replace petroleum-based crop oils and other esterified oil adjuvants. MSO Concentrate with Leci-Tech is formulated from agriculturally derived oil. MSO Concentrate with Leci-Tech contains high-quality surfactants and emulsifiers for easy mixing in spray solutions. For tank mix compatibility concerns, conduct a jar test of the proposed mixture to ensure compatibility of all components. Mix components in the same ratio as the proposed tank mix.

THIS PRODUCT CAN BE USED IN THE FOLLOWING SETTINGS: AGRICULTURAL, AQUATIC (WETLANDS), FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY AND TURF.

DIRECTIONS FOR USE: Fill spray tank ½ full with water and begin agitation. Add pesticides, as directed by label, while maintaining agitation. After pesticides are thoroughly mixed, add MSO Concentrate with Leci-Tech at recommended rate. The rates listed are suggested use rates. Refer to pesticide label being used regarding specific adjuvant use recommendations. The higher rate should be used if plants are stressed at the time of treatment. MSO Concentrate with Leci-Tech may be mixed with UAN solutions when directed by the pesticide label. Do not add adjuvant at a level that would exceed 5% of the finished spray volume unless otherwise specified by the pesticide label.

SUGGESTED USE RATES:
1 to 2 pints per acre MSO Concentrate with Leci-Tech

Important: This product has demonstrated excellent plant safety; however, not all species and varieties have been tested. Before treating a large area, treat a small area and observe prior to full scale application.
NOTE: Before the use in aquatic settings, please refer to the Pesticide label being used and follow all environmental protection measures for aquatic species.

STORAGE AND DISPOSAL
STORAGE: Store in original container only, protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. Do not reuse container.
DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents/container on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY
BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary.
